

PPIRS-SR NG Publish - 21 May 2016

The following CSRs are included in release Version: 3.2.2

| FEEDBACK S/N | PROGRAM | TITLE | CHANGE NARRATIVE |
|--------------|-------------|---|---|
| 1600143 | PPIRS-SR NG | Refactor code for PPIRS-SR NG publish 3.2.1 | Please refactor code for publish version 3.2.1 |
| 1600242 | PPIRS-SR NG | Profile update account information screen | 1) Change 'search' block on profile update account information screen to 'update'. 2) put an explanatory note on the page when user encounters a mandatory profile update. The note should read: "account information must be updated on a periodic basis. Please update any information as necessary, then click 'update' to access the PPIRS-SR NG application |
| 1401094 | SR legacy | FSC does not display on positive records report | Please show the FSC on the positive delivery records detail report. It currently does not display. Display the code at the top of the detail report positive records screen. |
| 1600402 | SR legacy | Add positive delivery records link to contractor | Add a "view positive delivery record(s)" link to the awardee/contractor summary detailed report. It used to show up prior to the latest publish (see attachment). Positive records are to be viewed only and not challengeable. |
| 1600282 | SR legacy | Contractor sup code rel rpt link takes to logon | PPIRS-SR NG awardee/contractor, when you click on the 'supply code relationship report' link it takes you back to the logon screen (see attached). |
| 1100783 | PPIRS-SR NG | Super admin cannot assign self as owner | When a PPIRS-SR NG super user admin assigns his self to a group, he cannot see his userid in the 'change owner' column. Therefore, he cannot assign himself as the new group owner. But, he can see himself in the 'change manager' menu. Also, the super user admin can assign another super user to a group, see the choice in 'change owner', then make that user the new owner. They cannot just see themselves. |
| 1501223 | PPIRS-SR NG | Pending membership PPIRS-SR NG account info/justification | When you click on the PPIRS-SR NG pending membership requests user info/justification, the view shows a compliance report access (for RC only) and no justification listed. Please remove the compliance report access notification and add the justification submitted by the requester. |
| 1100531 | SR legacy | Allow full edit of existing solicitation records | Please allow for the ability of a user to increase edit functions to solicitation records in PPIRS-SR NG. Present capability only allows edit/update of awarded checkbox. Also add the capability to 1) add/remove cage code and 2) change/add supply code. |
| 1600522 | PPIRS-SR NG | Contractor new & existing neg recs reversed | In contractor summary detailed view, existing negative delivery records are listed under "new" and new are listed under "existing" (see attached). For records returned by the contractor side functions the below condition needs to be used to display records in the appropriate section "new" or "existing". On the contractor side: (under "new" section): the records ((added date in PPIRS + 13 days) <= (classification date)) then it appears in the "new" section. These are preview period records. On the contractor side: (under "existing" existing): the records ((added date in PPIRS + 13 days) > (classification date)) then it appears in the "existing" section. These records have gone past the 14 day preview period. Since the records added date is also counted as a day i am using 13 days above instead of 14 days. Also i think using classification date would be better instead of sys date since it would skew the view of the existing/new sections data in the test environments as sweep is not run every day. |

| | | | |
|---------|-------------|---|--|
| 1600424 | SR legacy | Update edit existing solicitation instructions | Please update the instructions on edit existing solicitation (solicitation update) to the attached |
| 1600351 | SR legacy | Remove time stamp in detailed report | Remove the time stamp next to the added date for records on the PPIRS-SR NG detailed reports in summary and solicitation inquiry. This applies to both government user and contractor. Several in the PPIRS-SR NG user community, mostly DLA, have told us that the time stamp is unnecessary and has been confusing to some of their contractors. |
| 1600488 | SR legacy | Sort negative records on detail by contract no. | Please sort all negative records in PPIRS-SR NG detail report alpha-numerically by contract number regardless of department/agency. Current sorting is alphabetically by department/agency then by contract no |
| 1600272 | PPIRS-SR NG | Add "reporting next generation (ppirs-sr ng)" | Change PPIRS-SR NG information on opening screen-needs to be changed to: the past performance information retrieval system - statistical reporting next generation (PPIRS-SR NG) is designed to provide access to contractor performance information. PPIRS-SR NG supports the defense federal acquisition regulation supplement (DFARS) which requires contracting officers to consider information in the PPIRS-SR NG when evaluating past performance of offerors under competitive solicitations for supplies using simplified acquisition procedures. This information can be used as an evaluation factor in awarding contracts for government acquisitions. For official use only - to be used for deliberative source selection purposes only. Note-keep army notice as it is! |
| 1600286 | PPIRS-SR NG | Eliminate single sweep stats report | Eliminate single sweep stats report. Please delete this report. |
| 1600277 | PPIRS-SR NG | Feedback | Revise the feedback page: remove "process ratings" change "short descriptions" to "title" on "service menu items" "feedback" change to read feedback/customer support". |
| 1600299 | PPIRS-SR NG | Delete "single sweep" report | Description: eliminate "single sweep", found under management reports.. Please delete this report. |
| 1600087 | PPIRS-SR NG | Message notice for users | The requirement is that there should be a notice page on PPIRS-SR NG |
| 1600723 | PPIRS-SR NG | Contractor login last access date | Have the last access date reflect the last date contractor has logged into the application |
| 1600224 | PPIRS-SR NG | Supplier risk: factor management screen | Create management screen for supplier risk factors |
| 1600349 | PPIRS-SR NG | Supplier risk: supplier engine | Create process to build supplier table which has numerical and color (r/y/g) risk score for each vendor with data in PPIRS-SR NG, PPIRS RC, FAPIIS, and/or PDREP |
| 1600384 | PPIRS-SR NG | Summary risk: change score to r/y/g | Changes r/y/g supplier risk score to PPIRS-SR NG standard 5-color scheme |
| 1600432 | PPIRS-SR NG | Risk analysis: add company names to srar | Adds vendor names to summary risk analysis report and risk analysis (solicitation entry) screens |
| 1600433 | PPIRS-SR NG | Price engine factor management screen | Bugfix – screen was not displaying |
| 1600592 | PPIRS-SR NG | Risk analysis: changes to summary risk analysis rpt | Changes "hpp" to "average price" wherever it appears. Changed table titles for clarity. Add descriptive mouse-over hover text. Allows sorting of summary risk analysis report |
